

ABOUT US

Fairseas International was established in 2005 and is a shipping and freight logistics group based in Cape Town. The group operates both locally from South Africa for regional cargoes and internationally through an offshore affiliate Fairseas International (BVI) Ltd.

Fairseas seeks to provide value by providing cargo interests with regular, efficient and cost effective sea transport and intermodal solutions along the African seaboard and the Indian Ocean rim including the Indian Ocean Island areas.

The core services of Fairseas are focused on bulk and breakbulk seafreight chartering and brokering activities, freight management and logistics and providing consultancy services to cargo interests and parties invested in shipping activities.

Where appropriate, landside logistics, barging and lightering are dovetailed with seafreight solutions, making for a seamless through service for our clients from contracted point of despatch to delivery. Our extensive experience operating in developing Africa makes providing solutions in difficult areas our speciality.

CHARTERING & BROKERING

Fairseas operates vessels on a time charter and voyage charter basis providing a scheduled regional multipurpose freight service in the Walvis Bay, South Africa to East Africa range of ports as well as ad-hoc international charters to and from West Africa the Indian sub-continent, Europe and the Far East. We are able to offer clients seafreight solutions ranging from simple space and slot bookings through to handymax size voyage and time charter parties and long term contracts of affreightment.

Commodities presently handled in bulk and breakbulk form and which Fairseas has extensive experience in include bagged foodstuffs, cement, clinker, coal, soda ash, timber and grains, as well as general containerised consignments and project cargoes. We presently move approximately 500 000 metric tonnes of seafreight cargo per annum on behalf of established clients. Fairseas is insured by the Charterers Club of London.

Destinations that Fairseas has experience in consigning cargo to vary from Djibouti in North East Africa all the way around to Dakar in West Africa and we are able to provide an extensive advice service to clients unfamiliar to the intricacies of shipping into and ex developing areas of Africa. Countries of present specialisation include South Africa, Mocambique, Tanzania, Kenya, Madagascar and Djibouti in the East through to Angola, Nigeria, Ghana, Gabon, Senegal and others in the West.

In order to ensure the widest possible selection of freight opportunities are available to clients

Fairseas has developed a communication network of shipowners, managers, and other charterers, brokers and agents around the world so that the most timeous and cost effective solution can be quickly identified. In turn

Fairseas has developed relations with vessel owners looking to optimise vessel utilisation along the African seaboard and we are a first choice supplier with numerous worldwide shipowners who are looking to procure cargoes in our geographical areas of speciality.

SERVICES (cont.)

CARGO LOGISTICS & FREIGHT MANAGEMENT

In order to assist clients where required Fairseas is able to handle any road/rail /sea/air consignments, both import and export and provide a seamless overall service to & from Free on Board/Free Out to point of origin, be it local or overborder cargo. Where necessary warehousing, transport, handling and tallying is arranged and managed on behalf of clients.

The company presently mainly focuses existing logistics activities on regional cargo movements from South Africa via the Maputo Corridor and the south African sea ports into Africa in conjunction with South African / Mocambican based sister companies of the international Supermaritime group (www.supermaritime.com). No matter how large or small the consignment size is, Fairseas will ensure that it is successfully handled in a cost effective and professional manner.

Our seafreight management services to third parties range from assistance in drawing up contracts of affreightment and negotiating charter parties and their post fixture management, arranging bunkering and voyage planning, as well as managing the appointment of agents, stevedores and shore service providers where necessary.

Please feel free to call us today in order to allow us to make a positive difference and add value to your business.
