

FAIRSEAS INTERNATIONAL

BULK FREIGHT SOLUTIONS

Fairseas International was established in 2005 and is a shipping and freight logistics group based in Cape Town. The group operates both locally from South Africa for regional cargoes and internationally through an offshore affiliate Fairseas International (BVI) Ltd.

The core services of Fairseas are focused on bulk and breakbulk seafreight chartering and brokering activities, freight management and logistics and providing consultancy services to cargo interests and parties invested in shipping activities. Principal bulk commodities handled are coal, grains and minerals from small project size up to handy tonnage.

Fairseas seeks to provide value by providing cargo interests with efficient, flexible and cost effective sea transport and intermodal solutions along the African seaboard and to the Indian Ocean rim countries including the sub-continent and Indian Ocean Island areas.

Where appropriate, landside logistics, barging and lightering are dovetailed with seafreight solutions, making for a seamless through service for our clients from contracted point of despatch to delivery. Our extensive experience operating in developing Africa makes providing solutions in challenging locations our speciality.

Please contact us for prompt assistance.
